

502 Ryan Avenue, Sanford, North Carolina 27330 (919) 842-3633

Restricted Pets

As owners of Sanford Estates Apartments, we want to express our enjoyment of cats and dogs. We have established a family-friendly community that is favorable for both pets. Unfortunately, there are certain breeds that property insurance providers for Sanford Estates Apartments don't allow, owing to the occasional behaviors manifested by these breeds. We realize that many, if not most of these breeds, have wonderful and friendly behaviors, but we are subject to the terms and conditions required by property insurance companies that provide coverage for Sanford Estates Apartments. As such, the list below are the breeds of dogs that are restricted from our community.

In addition to the pet restriction of certain breeds of dogs, Sanford Estates Apartments **does not allow any other pets besides cats and dogs**. Moreover, if the breed of your dog is a hybrid between two restricted breeds, they are not allowed as well. If your dog is a hybrid between a restricted breed and non-restricted breed, that discussion can be had with Sanford Estates management.
